

Company policy

- Customer satisfaction is our primary corporate goal! Satisfied and motivated employees are our basis for this!
- We always provide high-quality and well-maintained vehicles and equipment and train our employees in line with a modern information society!
- In our space management division, we dispatch our customers' vehicles punctually, without damage and in perfect technical and visual condition!
- Our behaviour complies with the law and standards! Our behaviour is therefore transparent and reliable!
- We endeavour to secure jobs through strict operational management, flexible action, a high level of commitment and healthy financing conditions.
- Permanently satisfied customers determine the future of our company. We endeavour to constantly expand our customer base.
- We use a quality management system to ensure that we continue to develop. It aims to improve our company and our system itself and our system in a targetorientated and continuous manner and to raise the standards we have set ourselves.
- Our behaviour maintains a balance between interested parties. We act as an important partner and focus on occupational safety and ergonomics!
